

Refund & Cancellation Policy

Last Updated: March 2026

At **ANORRA**, we are committed to delivering high-quality products and maintaining transparency in our business operations. As a **B2B Provider of sustainable products**, our products are often manufactured based on specific client requirements and confirmed specifications. Therefore, the following refund and cancellation terms apply.

1. Order Confirmation

All orders placed with **ANORRA** are considered final once they have been:

- Confirmed by the customer
- Approved for production
- Processed for manufacturing or dispatch

Customers are advised to carefully review specifications, quantities, and product details before confirming their orders.

2. Cancellation Policy

Order cancellations may only be accepted under the following conditions:

- The cancellation request is made **before production has started**.
- The order has not been processed for dispatch.

Once production has begun, **orders cannot be cancelled** due to the customized nature of the manufacturing process.

3. Non-Returnable Products

As a **business-to-business supplier**, most products manufactured by **ANORRA** are produced according to confirmed specifications and are therefore **non-returnable**.

Customised or specially manufactured products cannot be returned unless they are proven to be defective.

4. Quality Issues and Claims

If a customer experiences any quality-related issue with the delivered products, the following process must be followed:

- Any quality issue must be **reported within 7 days of delivery**.
- Claims must include:
 - Clear **photographic evidence**
 - **Batch number or production details**
 - Description of the issue

Failure to report the issue within the specified time may result in the claim being declined.

5. Verification Process

Upon receiving a complaint, **ANORRA** will review the claim and may conduct a verification process which may include:

- Product inspection
- Batch verification
- Internal quality assessment

Customers may be requested to provide additional details during the verification process.

6. Resolution

If the claim is verified and approved, **ANORRA** may provide one of the following solutions at its discretion:

- Replacement of defective products
- Credit note for future purchases
- Partial or full adjustment based on the verified issue

Refunds or replacements will only be processed after the completion of the internal verification process.

7. Limitation of Liability

ANORRA shall not be liable for:

- Improper storage or handling of products after delivery
- Damage caused during transportation handled by third-party logistics
- Misuse or incorrect application of products

Customers are responsible for inspecting products upon delivery.

8. Contact for Claims

For refund, replacement, or quality-related claims, please contact:
